

Top 5 Intranet features in 2019

Last Updated August 2019

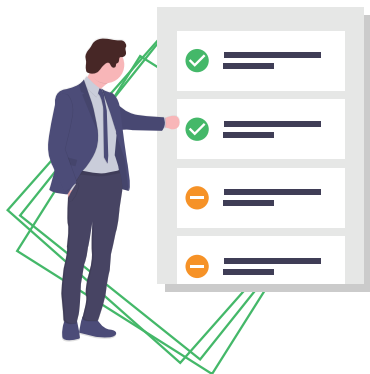

01 Onboarding/Induction

Offer your new starters a simple and easy way to access their onboarding documents and forms.

02 Compliance

Ensure your users have read and/or acknowledged important news, documents or policy changes using our compliance tool.

03 Value based Recognition

Allow users to recognise their colleagues against the values of your business.

04 Collaboration

Create simple online spaces for effortless collaboration.

05 Events & Training

Display and advertise upcoming training and events, and have it all tracked on the users training record.
